

THE INSOLVENCY PRACTITIONERS ASSOCIATION
CERTIFICATE OF PROFICIENCY IN PERSONAL INSOLVENCY
SYLLABUS
SCOTLAND
2024 EDITION

Syllabus Guidance

The Certificate of Proficiency in Personal Insolvency (CPPI) is an intermediate insolvency qualification focusing primarily on personal insolvency. The aim of the exam is to equip candidates with a sound knowledge of insolvency law and practice enabling them to work effectively in insolvency and to provide a basis for obtaining further qualifications such as JIE. Candidates will be required to demonstrate a solid understanding of insolvency law and practice.

The syllabus covers statutory and non-statutory personal insolvency procedures in Scotland. There is a separate syllabus for England and Wales.

Structure of the examination

The exam comprises a single three-hour examination held in June each year. Part A comprises 10 x 1 mark multiple choice questions, Part B comprises 5 x 2 mark and 5 x 4 mark short form questions, Part C comprises 2 x 15 mark (computational and essay style) questions and Part D comprises 3 x 15 mark (computational and essay style) questions of which two must be answered.

The exam covers personal insolvency based on legislation and practice in force as at the 1st January of the year in which the exam is sat. The exam also covers regulation, ethics, SIPs and other guidance which accounts for approximately 20% of the marks.

The required study for the exam will vary depending on the candidate's level of knowledge and experience.

Candidates will be required to score not less than 50% to achieve a pass. High scoring candidates may be awarded a merit or a distinction.

Certificate of Proficiency in Insolvency (CPI) and Certificate of Proficiency in Personal Insolvency (CPPI)

Candidates may opt for the CPI sister exam if they wish to primarily focus on personal insolvency (CPPI) or take the CPI which covers both corporate and personal insolvency. These exams are set at the same standard and will share some questions. All papers will be sat on the same dates.

The syllabi for the CPI and CPPI are set out separately. Although the CPPI syllabi largely duplicate the personal elements of the CPI syllabus, candidates can expect the examiner to test knowledge of the range of personal insolvency solutions, including advisory aspects, in more depth in the CPPI exams than in the more generalist CPI exam. In the case of the personal insolvency paper (CPPI) there will be more weight given to non-statutory solutions eg. debt management plans.

The CPPI will include regulation, ethics, SIPs and other guidance which will account for approximately 20% of the available marks.
